HALF-FULL ADVANTAGE BOARD

THE FIBERWOOD ADVANTAGE BOARD: EXCEPTIONAL QUALITY

Planks with vibrant shades and multidimensional depths, designed to captivate.

Advantage planks push the boundaries of exterior design with 10 multi-tone shades that are sure to please. Their multidimensional finish enhances every space. Made from 90% recycled materials - 60% wood powder and 30% recycled plastic - they combine durability with a commitment to the environment. With FiberWood, enjoy absolute peace of mind. The boards offer a safe, non-slip surface, guaranteeing optimum grip at all times. Plus, enjoy a 30-year residential warranty and advanced fade and stain protection, for lasting beauty, season after season.

SEMI-SOLID DECK BOARD

STARTER BOARD FOR HIDDEN FASTENERS

FiberWood innovates with a unique starter board with grooves on one side and under the board, guaranteeing a deck with no visible screw holes for impeccable finition.

The starter board is designed to ease the transition from the side to the top of the deck. Its concealed double fastening system ensures sturdy, invisible fixing, for an installation that's as simple as it is aesthetically pleasing.

STAIR TREAD - UNIQUE ON THE MARKET!

FiberWood stair treads¹ are 12" wide, 1 ½" thick and 12' long. These treads offer a non-slip surface and come in shades matching our deck boards, guaranteeing a smooth, harmonious aesthetic. It's also possible to integrate 12' aluminum reinforcements³ into the steps, allowing a maximum spacing of 36" between stringers and sturdy fastening of guardrail posts and handrails. Finishing caps² ensure total watertightness thanks to "0"-shaped elastics, which perfectly seal the steps and block any water infiltration.

STAIR NOSING

FiberWood sets itself apart by integrating a profiled stair nosing at the front of each step, bringing a neat, elegant finish to your staircase.

Advantages of FiberWood stair nosing

- ✓ Anti-slip properties
- ✓ Very long lifetime (30 years)
- ✓ Weather-resistant
- ✓ 360° PROSHIELD PREMIUM protection
- ✓ Easy to install
- ✓ Available in 10 colors matching our boards
- ✓ Very low maintenance

FiberWood wood composite stair nosings and treads are designed to offer optimum resistance to slipping, even barefoot. Easy to install, they add an elegant finishing touch to your terrace and porch, combining safety and aesthetics.

HIDDEN FASTENERS

Build **MORE EFFICIENTLY**, save time.

CAMO concealed fasteners ensure uniform, flawless installation. Designed to fit directly into the board groove, they provide a strong, durable fastening. By anchoring the boards directly to the joists, they help prolong the life of your deck while preserving its sleek aesthetic.

Advantages of CAMO concealed fasteners

- ✓ **Simplicity and versatility:** easy to install, intuitive to use and compatible with all types of decking.
- ✓ **Simplified installation:** CAMO deck clips make grooved boards easy to install for everyone. Fasten by hand with the included NEVER-MISS guide or install upright with ClipDRIVE or DRIVE tools.

We offer all screws, tools and concealed fasteners in partnership with

PROSHIELD PREMIUM® OPTIMAL PROTECTION

UNMATCHED PROTECTION, LASTING BEAUTY. Our FiberWood wood composite boards are protected by PROSHIELD PREMIUM-technology, a veritable shield designed to preserve their integrity. This layer envelops all four sides of the planks, providing seamless defense against stains, impacts, insects, scratches and UV rays, guaranteeing bright color over time. Thanks to advanced manufacturing technology, our decks combine durability and aesthetics, withstanding the vagaries of the seasons while retaining their impeccable finish. More than just a terrace, it's a promise of quality and performance, backed by a 30-year warranty.

A 100% ECO-FRIENDLY PRODUCT

Every minute, almost a million plastic bottles are consumed worldwide, generating a colossal amount of waste. FiberWood provides a concrete solution to this environmental challenge by transforming this waste into sustainable materials. Made from 90% recycled wood and plastic particles, our boards preserve forest resources while offering a strong, aesthetic alternative.

Fully recyclable, they can be reused to create new materials, reducing their impact on landfills and promoting a circular economy. Choose FiberWood and make an eco-responsible choice. Together, let's rethink the way we build and build a more sustainable future, one board at a time.

PANOLUX GLASS RAILINGS

Panolux glass balustrades combine purity and refinement, blending perfectly with any exterior design.

- 1 - AESTHETICS:** Glass railings offer an elegant, modern appearance that blends harmoniously into any environment. They preserve panoramic views, bring in light and create an open, spacious ambience.
- 2 - SAFETY:** Tempered glass railings are designed to provide a solid, secure barrier. Tempered glass is impact-resistant and shatters into small, non-cutting pieces if broken, reducing the risk of injury.
- 3 - EASY MAINTENANCE:** Glass railings are easy to maintain. They can be cleaned with glass cleaning products and a soft cloth. In

addition, since they are held above the ground, they allow water and dirt to drain away.

- 4 - VERSATILITY:** Glass fencing can be used for swimming pools, balconies, decks and other outdoor spaces. They can be adapted to different styles and designs, offering a versatile solution to meet your specific needs.
- 5 - ADDED VALUE:** Glass fencing can add aesthetic and functional value to your property.
