MIRAGE: SLEEK DESIGN, TIMELESS ELEGANCE

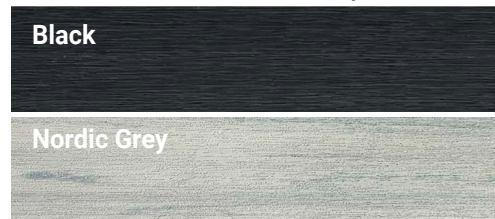

- More than just a garden shed, the MIRAGE is a bold statement. A perfect fusion of FiberWood wood composite and powder-coated aluminum, it redefines durability with a sturdy silhouette and sharp design. Large double doors and immersive windows on three sides flood the space with light.
- Built with unrivalled precision, it exceeds industry standards, defying the test of time with confidence.
- Its 20-year warranty is a promise.
- Security and peace of mind come together with an integrated lock designed to protect.
- Designed to withstand the snow loads of our Canadian winters.

MISTRAL: MODERNITY, FINESSE AND ALL-SEASON RELIABILITY

- Modern and sleek, MISTRAL blends in perfectly with any outdoor design. Its FiberWood wood composite and powder-coated aluminum structure guarantee durability and elegance. Its large thermo-tinted glass doors, integrated gutters and impeccable finish give it a unique cachet.
- Built to the highest standards, it's built to last and comes with a 20-year warranty.
- For optimum security, it's equipped with self-closing door hinges and a key-operated lock. Models with windows also feature secure latches, and tempered glass thermos windows prevent injury in the event of breakage.
- Designed to withstand winter conditions, the MISTRAL incorporates reinforcing bars to increase its load-bearing capacity under snow.

SCANDINAVIAN: CLASSIC AESTHETICS REINVENTED

- More than a garden shed, a timeless icon. With its revisited gable roof, the SCANDINAVIAN merges tradition and modernity. Its optimized space offers uncompromising functionality, while its FiberWood wood composite and powder-coated aluminum structure guarantee durability and refinement. Its large thermo-tinted glass doors, combined with integrated gutters, add a beautiful finishing touch to its masterful design.
- Built to superior standards, it redefines quality standards and comes with a 20-year warranty, a promise of strength and reliability.
- Built-in security: Featuring self-closing hinges, key locks, and secure latches on windows, SCANDINAVIAN is designed for ultimate protection. Its tempered glass thermos windows provide an extra layer of safety, offering peace of mind even in the face of impact.
- Engineered to endure the harshest elements, SCANDINAVIAN is fortified with reinforcing bars, ensuring exceptional strength and resilience against even the most extreme winter conditions.

PROSHIELD PREMIUM®
OPTIMAL PROTECTION

UNMATCHED PROTECTION, LASTING BEAUTY. Our FiberWood wood composite boards are protected by PROSHIELD PREMIUM-technology, a veritable shield designed to preserve their integrity. This layer envelops our planks, providing seamless defense against stains, impacts, insects, scratches and UV rays, guaranteeing bright color over time.

Thanks to advanced manufacturing technology, our decks combine durability and aesthetics, withstanding the vagaries of the seasons while retaining their impeccable finish. More than just a shelter, they're a promise of quality and performance, backed by a 20-year warranty.

A 100% ECO-FRIENDLY PRODUCT

Every minute, almost a million plastic bottles are consumed worldwide, generating a colossal amount of waste. FiberWood provides a concrete solution to this environmental challenge by transforming this waste into sustainable materials. Made from 90% recycled wood and plastic particles, our boards preserve forest resources while offering a strong, aesthetic alternative.

Fully recyclable, they can be reused to create new materials, reducing their impact on landfills and promoting a circular economy. Choose FiberWood and make an eco-responsible choice. Together, let's rethink the way we build and build a more sustainable future, one board at a time.

GREY ROCK

OASIS

BLACK

OASIS

Comfort and luxury redefined. Much more than a simple Pool House, the OASIS is a three-season living space that transforms the outdoors into a true extension of your home. Made from high-quality wood composite, it combines functionality with contemporary design. More affordable than a traditional extension, it adapts to your lifestyle: outdoor lounge, minibar, dining area, gym or relaxation space, creating a place that's both practical and elegant.

Meticulous design and optimum air circulation. Equipped with an integrated gutter system, it offers efficient rainwater management. Its sturdy structure is specially designed to withstand the rigors of the North American climate and the most demanding snow loads. Its rear sliding windows and 4-panel tinted patio door, accompanied by 2 bug screening, provide optimum ventilation while creating a harmonious connection to the outdoors.

The OASIS is based on an ultra-strong powder-coated aluminum frame. With a 20-year warranty, it embodies the perfect fusion of timeless design, innovation and exceptional materials.
