

DECKING WOOD COMPOSITE 2026

FiberWood
Your Wood Composite Specialist

WOOD COMPOSITE DECKING BOARD

Walnut

PREMIUM PRODUCT AT A COMPETITIVE PRICE

The best quality-to-price ratio in the industry.

PROSHIELD PREMIUM® PROTECTION

360° Protection against stains, mold, scratches, impacts, UV exposure, and harsh weather conditions.

COLOR MATCHING

Boards designed for perfect color harmony across all our product ranges.

OUR 8 TRENDING COLORS

FiberWood Avantage boards and starter boards push the standards of outdoor design with **8 distinctive multi-tonal shades** inspired by the richness of natural wood. Designed for a flawless finish, they allow for a hidden-fastener installation thanks to a side and underside grooved starter board, ensuring a premium look down to the finest details.

FASCIA BOARD

STAIR TREAD

4 FIBERWOOD WALL CLADDING

Classic

Board & Batten

Royal

Imperial

Choose our wall cladding to complete the finish of your deck. Offered in the same colors as our boards, it ensures perfect harmony. This unique solution on the market allows for installation with no visible screws, delivering a cleaner, more refined look, all at an affordable price.

FIBERWOOD STAIR TREAD: AN INNOVATION

These stair treads feature a slip-resistant surface, quick installation, and colors perfectly matched to our decking boards for a smooth, harmonious look.

Aluminum reinforcements can be integrated to allow spacing of up to 32" between stringers while ensuring solid attachment of railing posts and handrails. Finishing caps provide a complete seal, preventing any water infiltration.

Rich Maple

HIDDEN FASTENERS

CAMO®

CAMO hidden fasteners ensure a uniform, flawless installation. Designed to fit directly into the board grooves, they provide a strong and long-lasting hold. By securing the boards directly to the joists, they help extend the lifespan of your deck while preserving a clean, refined appearance.

Simplicity and versatility: easy to install, intuitive to use, and compatible with all decking systems.

WALNUT	BLACK
RICH MAPLE	PEARL GREY
NATURAL WOOD	NORDIC GREY
VINTAGE BROWN	WHITE OAK

EASE OF INSTALLATION

Board system designed for quick, straightforward installation with no visible fasteners.

50-YEAR WARRANTY

On wood composite boards.

LOW MAINTENANCE REQUIREMENTS

No painting, oiling or sanding required, year after year.

TOGETHER, LET'S BUILD A MORE SUSTAINABLE FUTURE

The FiberWood product line offers a concrete environmental solution by transforming waste into durable materials. Made from 90% recycled materials (wood particles and plastic), our products help preserve forest resources and are fully recyclable, supporting a circular economy.
