

DECKING

WOOD COMPOSITE

FiberWood

FIBERWOOD offers you only the best for your wood composite deck with its protective coating, **PROSHIELD PREMIUM®**. This innovative protection covers all sides of the boards, including inside the grooves, providing ultimate protection against stains, impacts, insects, scratches, pet claws, as well as UV rays responsible for discoloration of the boards.

SEMI-SOLID DECK BOARD ADVANTAGE

FIBERWOOD ADVANTAGE

Multidimensional Color Boards That Will Charm You

Advantage says it all. Available in 11 beautiful multi-tonal colors, our Advantage board ranks among the best wood composite boards on the market. We have skillfully blended various shades to create a multidimensional and visually striking wood grain finish that will exceed your expectations. Made from 90% recycled plastic and sawdust, our Advantage board is supported by our 30-year Limited Residential Warranty and Fade & Stain Warranties.

SEMI-SOLID DECK BOARD

STARTING BOARD FOR HIDDEN FASTENERS

Fiberwood distinguishes itself by offering a starting board that features grooves on the underside and along the side, enabling installation without visible screw holes on the deck, resulting in a flawless finish.

It has been specially designed to facilitate the junction between the side of the terrace and the top of it. Thanks to the grooves, you will only have to clip our double hidden fastener to fix your boards.

Advantages of Fiberwood Starting Boards

- ✓ Non-slip properties
- ✓ Weather resistant
- ✓ Easy to install
- ✓ Very low maintenance
- ✓ Long life expectancy (30 years)
- ✓ PROSHIELD PREMIUM® 360° protection
- ✓ Available in 11 colors matching the deck boards

STAIR TREAD - UNIQUE IN THE MARKET!

Fiberwood stair treads^① measure 12 inches width, 1½ inches in thickness, and 12 feet in length. These treads are not only slip-resistant but also available in colors that match the deck boards, ensuring a harmonious aesthetic. Additionally, they offer the option to integrate 12-foot aluminum stiffener^②, allowing for increased spacing of the stringers to 36" and for a robust attachment of guardrail posts and handrails. The finishing caps^③ feature a full sealing system with 'O'-shaped gaskets enclosing the steps, preventing any water infiltration.

NOSING BOARDS

Fiberwood stands out in the industry by offering a nosing board on the front of the step to give you a very nice finish.

Advantages of FIBERWOOD nosing boards

- ✓ Non-slip properties
- ✓ Weather resistant
- ✓ Easy to install
- ✓ Very low maintenance
- ✓ Long life expectancy (30 years)
- ✓ PROSHIELD PREMIUM® 360° protection
- ✓ Available in 11 colors matching the deck boards

Fiberwood wood composite nosing boards and stair boards offer a surface designed to provide slip resistance, even when walking barefoot. Very easy to install, our nosing boards will bring an impeccable finish to your terrace and patio.

HIDDEN FASTENERS

Build SMARTER, build faster.

The CAMO hidden fasteners allow you to achieve the most seamless installation possible. These fasteners are installed in the groove of the boards to provide a durable and solid installation. CAMO Hidden Fasteners were also designed to extend the life of your deck by attaching boards directly to joists.

Benefits of Hidden Decking Fasteners CAMO

- ✓ They are easy to use, easy to learn, and usable on any deck.
- ✓ CAMO deck clip make installing grooved decking easy for everyone: fasten them by hand with the included NEVER-MISS Guide or while standing up with the ClipDRIVE or DRIVE tool.

We offer all screws, tools and hidden fasteners in partnership with

OPTIMAL PROTECTION PROSHIELD PREMIUM®

Our FIBERWOOD wood composite boards from FIBERWOOD feature excellent PROSHIELD PREMIUM® protection. This protective layer covers all four sides of the boards, providing ultimate protection against stains, impacts, insects, scratches, and UV rays that cause discoloration. Thanks to our advanced wood composite manufacturing technology, Fiberwood wood composite boards offer remarkable longevity, allowing them to maintain their vibrant beauty over time. All of our decking boards come with a 30-year warranty.

A 100% ECO-FRIENDLY PRODUCT

According to statistics, approximately 1 million plastic bottles are consumed every minute worldwide. Our FIBERWOOD wood composite boards offer a concrete solution to this critical problem. Made from 90% recycled wood particles and plastic, our FIBERWOOD wood composite boards are environmentally friendly. Each board helps reduce plastic waste and preserve forest resources. This eco-friendly product is 100% recyclable. After approximately 30 years of use, the FIBERWOOD board can be transformed into new materials, avoiding its accumulation in landfills. Choose FIBERWOOD for a more environmentally responsible lifestyle. Together, let's build a better future, one board at a time.
