COMPOSITE CO-EXTRUSION

FiberWood

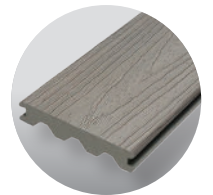

FIBERWOOD offers you only the best for your composite deck with its protective coating, PROSHIELD PREMIUM®, which fully covers all Fiberwood boards. This innovative protection covers all sides of the boards, including inside the grooves, providing ultimate protection against stains, impacts, insects, scratches, pet claws, as well as UV rays responsible for discoloration of the boards.

SEMI-SOLID DECK BOARD ADVANTAGE

The **ADVANTAGE** semi-solid deck board is of residential quality, designed for less intensive use than commercial-grade boards. However, it provides all the same benefits and comes with an extended 30-year warranty.

This board offers a natural wood finish and is available in six (6) trendy colors to create your dream deck.

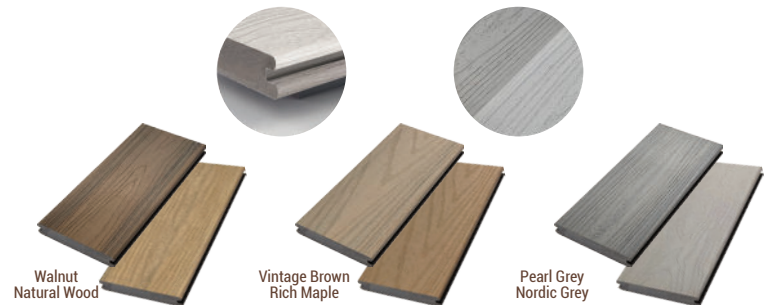

SEMI-SOLID DECK BOARD

TWO-TONE REVERSIBLE DECK BOARD ELITE

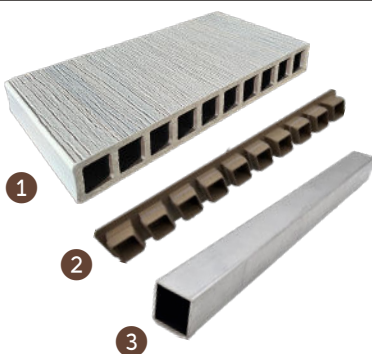

3 MODELS TWO-TONE & REVERSIBLE

One of the main advantages of the **ELITE** deck board is its unparalleled strength and durability. The ELITE board is, in fact, of commercial grade. It is fully finished on both sides, allowing your balconies and decks to have a perfect finish both on top and underneath. The boards are also reversible and dual-colored for unique customization of your outdoor spaces.

The ELITE board comes with a 30-year residential warranty and a 25-year commercial warranty, and it has all the other benefits of Fiberwood boards.

STAIR TREAD - UNIQUE IN THE MARKET!

Fiberwood stair treads¹ measure 12 inches width, 1½ inches in thickness, and 12 feet length. These treads are not only slip-resistant but also available in colors that match the deck boards, ensuring a harmonious aesthetic. Additionally, they offer the option to integrate 12-foot aluminum stiffener², allowing for increased spacing of the stringers to 36" and for a robust attachment of guardrail posts and handrails. The finishing caps³ feature a full sealing system with 'O'-shaped gaskets enclosing the steps, preventing any water infiltration.

NOSING BOARD

Fiberwood stands out in the industry by offering a nosing board on the front of the step to give you a very nice finish.

Advantages of FIBERWOOD nosing boards and stair boards

- ✓ Non-slip properties
- ✓ Weather resistant
- ✓ Easy to install
- ✓ Very low maintenance
- ✓ Long life expectancy (30 years)
- ✓ PROSHIELD PREMIUM® 360° protection

Fiberwood composite nosing boards and stair boards offer a surface designed to provide slip resistance, even when walking barefoot. Very easy to install, our nosing boards will bring an impeccable finish to your terrace and patio.

HIDDEN FASTENERS

Build SMARTER, build faster.

The CAMO hidden fasteners allow you to achieve the most seamless installation possible. These fasteners are installed in the groove of the boards to provide a durable and solid installation. CAMO Hidden Fasteners were also designed to extend the life of your deck by attaching boards directly to joists.

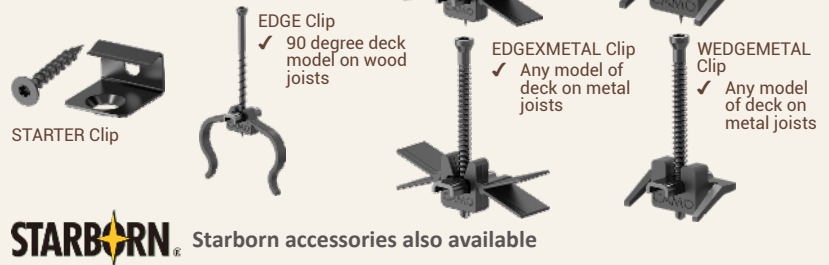

Benefits of Hidden Decking Fasteners CAMO

- ✓ They are easy to use, easy to learn, and usable on any deck.
- ✓ CAMO deck clip make installing grooved decking easy for everyone: fasten them by hand with the included NEVER-MISS Guide or while standing up with the ClipDRIVE or DRIVE tool.

We offer all screws, tools and hidden fasteners in partnership with

OPTIMAL PROTECTION PROSHIELD PREMIUM® WEATHERED COLOR

Our FIBERWOOD composite boards from FIBERWOOD feature excellent PROSHIELD PREMIUM® protection. This protective layer covers all four sides of the boards, providing ultimate protection against stains, impacts, insects, scratches, and UV rays that cause discoloration. Our PROSHIELD PREMIUM® protection allows for controlled natural discoloration of the boards in the first few months of installation in their natural environment, and then maintains their beautiful natural color throughout their lifespan, with a 30-year warranty.

A 100% ECO-FRIENDLY PRODUCT

According to statistics, approximately 1 million plastic bottles are consumed every minute worldwide. Our FIBERWOOD composite boards offer a concrete solution to this critical problem. Made from 90% recycled wood particles and plastic, our FIBERWOOD composite boards are environmentally friendly. Each board helps reduce plastic waste and preserve forest resources. This eco-friendly product is 100% recyclable. After approximately 30 years of use, the FIBERWOOD board can be transformed into new materials, avoiding its accumulation in landfills. Choose FIBERWOOD for a more environmentally responsible lifestyle. Together, let's build a better future, one board at a time.
