COMPOSITE CO-EXTRUSION

FiberWood

MIRAGE

MIRAGE: BUILT TO LAST, CONTEMPORARY AND REFINED STYLE – A SURE BET

- Built to last, the Mirage has been designed very robustly. This shed features FIBERWOOD composite co-extrusion boards, high quality aluminium, large double doors and abundant windows on 3 sides at the top of the shed.
- This shed can withstand snow loads of up to 20 lbs/ft² on its roof.
- The Mirage is offered with a 10-year warranty on the composite boards, aluminum, hardware, and accessories, and will last over time.
- In terms of security, the MIRAGE is equipped with a door lock with key.

MISTRAL

MISTRAL: CONTEMPORARY SKILLION ROOF SHED – A MUST

- Modern and contemporary, this skillion roof shed will fit perfectly into your outdoor layout. With its composite co-extrusion and high quality aluminum, large double thermos smoked glass doors, integrated gutters and impeccable finish, this shed will stand out in your yard. In addition to its impeccable aesthetics, this shed comes with a 10-year warranty on the composite boards, aluminum, hardware, and accessories, thus testifying to the solidity of its design and its high-quality materials. Moreover, this shed can withstand snow loads of up to 25lbs/ft² on its roof.
- Security: As for the security component, we have equipped the MISTRAL with self-closing door hinges and door locks with key. Models with windows also have latches on each of them. The Mistral's thermos windows and doors are also made of tempered glass to avoid any possible injury if broken.

SCANDINAVIAN

SCANDINAVIAN: A SHED WITH A GABLE ROOD – A CLASSIC

- A redesigned classic, this 2-sided roof shed will bring beauty to any backyard while offering the most spacious and optimal storage space. Like all our sheds, the SCANDINAVIAN is made of high quality FIBERWOOD composite co-extrusion and aluminum. It has large smoked glass double doors and integrated gutters. Its aesthetics and finish have been meticulously thought out so that this shed is also offered with a 10-year warranty on the composite boards, aluminum, hardware, and accessories, thus testifying to the solidity of its design and its high-quality materials. Moreover, this shed can withstand snow loads of up to 25lbs/ft² on its roof.
- Security: Regarding security, the SCANDINAVIAN comes with self-closing door hinges and key-operated door locks. Models with windows are also equipped with latches.

OPTIMAL PROTECTION PROSHIELD PREMIUM® WEATHERED COLOR

Our FIBERWOOD composite boards from FIBERWOOD feature excellent PROSHIELD PREMIUM® protection. This protective layer covers all four sides of the boards, providing ultimate protection against stains, impacts, insects, scratches, and UV rays that cause discoloration.

Our PROSHIELD PREMIUM® protection allows for controlled natural discoloration of the boards in the first few months of installation in their natural environment, and then maintains their beautiful natural color throughout their lifespan, with a 10-year warranty.

A 100% ECO-FRIENDLY PRODUCT

According to statistics, approximately 1 million plastic bottles are consumed every minute worldwide. Our FIBERWOOD composite boards offer a concrete solution to this critical problem.

Made from 90% recycled wood particles and plastic, our FIBERWOOD composite boards are environmentally friendly. Each board helps reduce plastic waste and preserve forest resources.

This eco-friendly product is 100% recyclable. The FIBERWOOD board can be transformed into new materials, avoiding its accumulation in landfills.

Choose FIBERWOOD for a more environmentally responsible lifestyle. Together, let's build a better future, one board at a time.
